**INSTRUCTIONS FOR USE AND STORAGE OF THE PRODUCT:**

Always ensure that the container is fully closed and in an upright position.

Store the product at a temperature between 0°C and 25°C and out of direct sunlight.

Do not refrigerate, freeze, heat or store the product in temperature above 25°C.

1. Take off the silicone plug

2. Tear off the sticker at the bottom

3. Plug the pod into the ELFA device

4. Enjoy vaping!

It is time to change your pod when it stops producing vapour. If the pod is not empty, check your device is fully charged. You should also replace your pod when you find the taste is deteriorating.

When the light on the device flashed 10 times, it is time to charge your device. When charging, the light on the device will appear. When the light disappears, the device is fully charged and the charging cable should be disconnected. Never leave your device unattended when charging. Never use your device when charging. The device should only be connected to a safety voltage and circuit as mentioned in parameters. The device has an overvoltage, overcurrent and a short-circuit protection function.

## POSSIBLE CONTRAINDICATIONS:

### Propylene glycol:

- May produce adverse effects in individuals being treated with disulfiram or metronidazole
- Allergic reactions may occur in individuals with a history of atopy, childhood eczema or rhinitis (hay fever)
- Lactic acidosis may occur when large quantities of propylene glycol is consumed by children, pregnant women or individuals with hepatic or renal failure

### Glycerol:

- Chances of dehydration are increased in elderly and already dehydrated individuals
- Caution should be observed in individuals with diabetes, as metabolised glycerol may cause minor hyperglycemia or glycosuria

## POSSIBLE ADVERSE EFFECTS

First-time e-cigarette users may experience irritation of the mouth, a dry throat or cough. If the symptoms persist for more than 48 hours or becomes severe, visit a general practitioner and report the incident details as per the guidance provided under "Reporting adverse effects". Nicotine withdrawal effects may also occur if using an inadequate strength to satisfy your cravings. These may include irritability, aggression, feeling low, anxiety, restlessness, poor concentration, increased appetite, urges to smoke, disturbed sleep or the lowering of heart rate.

## REPORTING ADVERSE EFFECTS:

If you experience any side effects as a result of using this product, please notify the MHRA in relation to adverse effects relating to products purchased in the UK via the following URL - <https://yellowcard.mhra.gov.uk/yellowcards/tobaccoreportmediator/>. You may also register a safety concern with the relevant competent authority within your country.

Made in China
